LOGIC

FLEX 4 MEDIUM SOFT

Dynamic freestyle integration. Our softest flex control combination of a Urethane Highback and Bi-Axial fiber Drive Plate allows you maximum freedom of movement in freestyle terrain and unrestrained flow in powder or smooth groomers. An aysmetric soft power band in the dyadic construction Dual Band ankle strap provides lateral support and maximum medial mobility. Love Handle ureathane highback is the killer feature for hiking those hits.

YELLOW

Throw the stuff on the floor. Highlighter, white out and a darker magic marker from the grocery store... DIY energy light's up Pika Burtner's translucent BMBW Logic colorway on the path to creative fun!

LOGIC

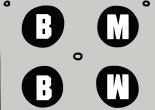

GREY

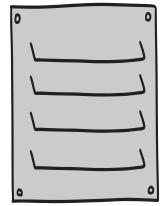

BMBW artist / snowboarder Sean Genovese might be feeling trapped behind the metal mask of the daily grind or he's thinking of building a robot...either way these BMBW Logic binders will break you free!

BMBW×LIE

TRANSFER

Versatile Performance and all mountain dominance. BMBW's perfect all terrain combination of an Engineered Polymer Highback and a responsive Magnesium Fiber Drive Plate gives you precise freestyle/ freeride performance and control in every riding situation. Team tested and approved from East Coast parks to AK peaks.

TRANSFER

BLACK

This is a dialed in #bindingworks model with as simple and clean of a vibe as possible. It's beauty through simplicity, exactly what makes Team Metal's Blake Paul smile and we love that.

Thick white lines jump off solid black with this classic tattoo ready Jamie Lynn design.

TRANSFER

LIB TECH DYNAMO MERCH

Lib Tech x BMBW Transfer enters it's third year of collaboration with a very fun classic from the Lib Tech archives. The original Lib Tech cat set's these BMBW Transfer on fire! Stare into it's eyes to unlock hidden truths!

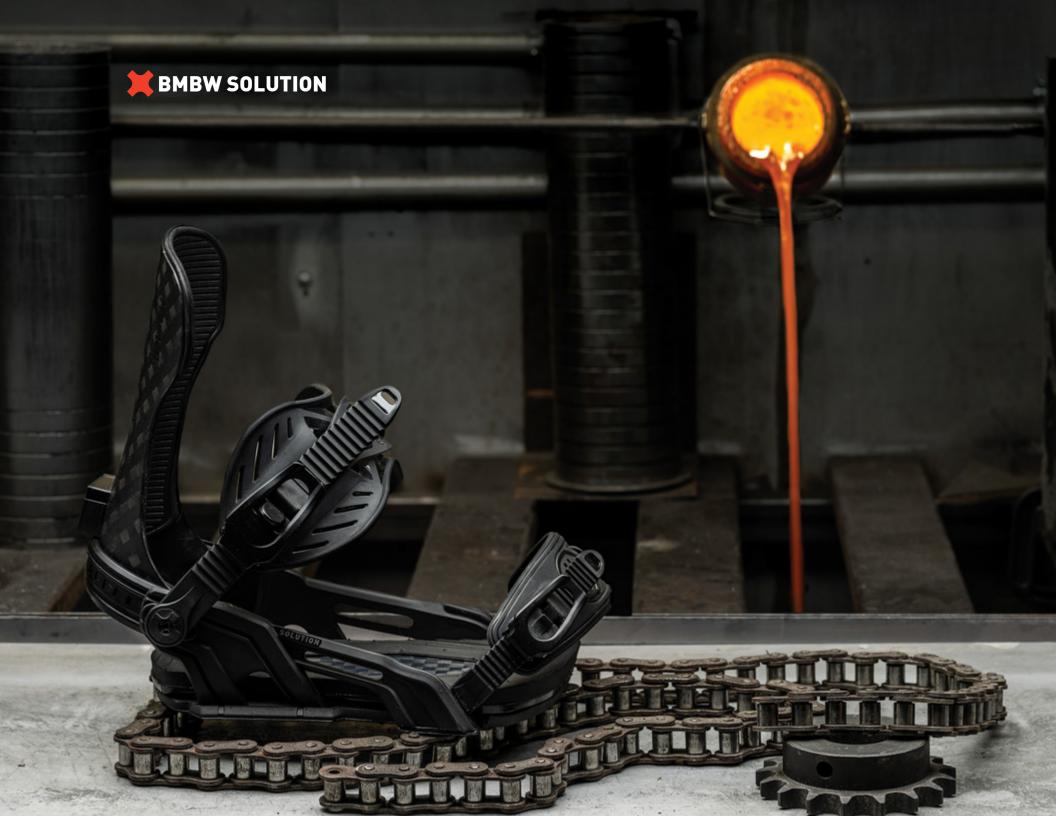

TRANSFER

BLACK-PINK

Quincy Quigg is back on the Transfer and... oh my... what the pink, pink, splatter, pink, yellow, silver demon metal smith dude do we have here?!! Quigg is back on the Transfer!

SOLUTION

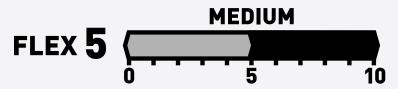

The SOLUTION is all mountain precision in a class of it's own. With an unmatched weight to strength ratio of a carbon fiber highback and unflinching performance of a carbon fiber Flex Control Drive Plate you have one seriously tricked out binding. The SOLUTION has all the lightest, strongest and most high performance features including a specifically tuned dyadic construction Dual Band ankle strap and a canted EVA footbed with a shock absorbing heel pad. Boot candy meet boot caviar...served on a carbon platter.

METTA

The Metta lives up to its name. A sincere wish for the welfare and genuine happiness of all beings, without exception. The Metta is an all terrain feel-good binding with a medium flex that provides a great foundation to ride strong and ride with confidence. A responsive, forgiving nylon highback and chassis paired with a medium response Flex Control drive plate, Light Form toe strap and a Power Flex ankle strap come together for a fully cohesive Flex Control advantage.

Rainbows shine bright, whether in full color or black and white. Pika Burtner created a timeless piece for the BMBW Metta that identifies as both a mountain and a rainbow. Either way, it's sure to make your day a little brighter

METTA

PINK

Roses are red, violets are blue, snowboarding is pretty sweet, and so are you... when you strap into the Metta with a floral light blur driveplate by Tim Zimmerman.

METTA

WHITE

Rainbows shine bright, whether in full color or black and white. Pika Burtner created a timeless piece for the BMBW Metta that identifies as both a mountain and a rainbow. Either way, it's sure to make your day a little brighter

BMBW

STYLIST

FLEX 6 0 5 10

The Stylist is a versatile peak performance binding with lightweight components and a flare for the future. The Dual Band ankle strap is tuned to a soft flex with a forgiving compression window power band for a comfortable fit. A magnesium fiber drive plate, an EVA suspension layer, and a solid nylon asymmetric highback all pair together for reliable all mountain performance. Discover your unique style and embrace your strengths with the Stylist!

Black on black, gloss on matte, the styling of this binding is pure power, and grace. Rock this Stylist with confidence and arrogance or modesty and subtlety. It is a timeless classic that will never go out of style.

STYLIST

ORANGE/BLUE

Hannah Eddy's earth friendly, plant-based art is featured on this team favorite binding. Whether you ride slow and steady or fast and furious, if the mountain is your canvas, and snowboarding is your art, take this Stylist Along for the Ride.

STYLIST

WHITE

Black on white, with a hint of chai tea latte on the cube and power band. You can't go wrong with the styling and colors of this classic Stylist. It's black and white and rad all over, this Bent Metal Binding works!

FORTE

The Forte is a premium women's binding for versatile performance and comfortable control. It has a responsive medium flex throughout with an aluminum heelcup, magnesium fiber drive plate, a progressive asymmetric engineered nylon highback, and a dyadic power ankle strap. This is the best binding for fine tuning your skills and charging the whole mountain like ripping is your Forte.

Our most tech binding in all black with driveplate art by our in-house master photographer Tim Zimmerman. The photo light blurs resemble an electric light show on the 4th of July, or a blurry night on the streets of Tokyo... it's open to interpretation. Just trust that the vibe is high!

FORTE

BLUE-ORANGE

Frosty morning missions or late night shred dates, the colors of this Forte set the tone and the tone is brisk. With a refreshing blue-orange fade, creativity on the snow is this binding's Forte.
